VOL. XXV, NO. 299 GAINESVILLE, FLORIDA, SUNDAY, FEBRUARY 28, 1909 TEN CENTS A WEEK

TALIAFERRO DEFENDS HIS NAVAL STORES BILL

Senator Bacon Will Reply to Him, When Florida Senator Will Speak Again.

WASHINGTON, Feb. 27.—Senator Taliaferro addressed the Senate yesterday morning after the regular routine business for over an hour in advocacy of the naval stores bill, patterned after the pure food law, made a strong presentation of the case and created a fine impression. He showed that, from the record of the courts and the hearings before the committee it had been the practice of certain persons for many years past to misbrand rosins and falsely grade spirits of turpentine, that these persons had entered into a trust and that the producer and consumer were greatly injured and competition in a legitimate industry destroyed. He argued that, although the States of Florida and Georgia had inspection laws, these laws were powerless to prevent the frauds after the products passed into interstate commerce, and as 99 per cent entered such commerce how important it was for Federal authority to be invoked to protect the industry from destruction. Senator Bacon gave notice that he would address the Senate in opposition to the measure, and Senator Taliaferro, that he would reply to the argument of the Senator from Georgia. The substitute bill was introduced several days ago and was designed to cure all objections heretofore raised.

Improved Methods of Turpentining Bring Results

WASHINGTON, D. C., Feb. 27.—Through the improvement in the systems of turpentining the South has taken a long step forward in the movement for the protection and development of one of the country's most important natural resources, the rich yellow pine forests which make the United States the leading nation in the production of rosin, turpentine, and the other products known as naval stores.

Improved methods of turpentining were first established to an appreciable extent during the producing season of 1904, when the cup and gutter system was installed by a number of the most enterprising manufacturers of naval stores in Georgia and Florida. Since that time there has been a steady and satisfactory increase in the percentage of turpentine and rosin produced by these conservative methods. The work in conserving these great turpentine orchards of the South has perhaps come in time to stay the early destruction of yellow pine forests threatened by years of careless management.

Experiments conducted by the United States Forest Service at Ocilla, Ga., and Green Cove Springs, Fla., as well as definite and reliable data received from operators throughout the naval stores belt, have effectively determined the great advantages of the new methods over the old. Not only has it been shown forcibly that the conservative methods are of great protection to the forests, but sufficient data has been collected to show that the increase in yield of both turpentine and rosin by the new and improved systems furnishes a strong argument in favor of their use.

Reports from the States where naval stores are produced show that where there is a greater percentage of turpentine produced by improved methods there is also a greater yield. The following table gives the average yield of turpentine per crop of 10,500 boxes and cups, reported and compiled by States, together with the percentage of turpentine produced in each State by either the cup and gutter or cup and apron system:

State.	Yield per Crop.	P'c'tage New M'th'd.
Alabama	35.6 casks.....	8
Florida	29.8 casks.....	16
Georgia	26.5 casks.....	9
Louisiana	44.7 casks.....	44
Mississippi	34.5 casks.....	11
Texas	43.5 casks.....	49

Note: In North and South Carolina improved methods are not in use.

Accepting the information contained in this table as a basis for comparing the results of the new methods with the results of the old system of cutting the destructive boxes in the trees, some allowance should be made for the difference in quality of timber as well as the age of the industry in the States given. The timber in Texas and Louisiana is considered superior to that in Georgia and Florida and the industry is not so old in the two Western States. But the improved conditions under which turpentine and rosin are manufactured in Texas and Louisiana will not account for more than one-fourth of the increase in yield.

To demonstrate more fully that the use of improved methods is largely responsible for the remarkable increase shown, the reports from two of the large etsablishments in Texas, one using the cup and apron system and the other cutting boxes into the tree, are compared. The establishment using the cup and apron system reported a yield of 1,372 barrels of turpentine for 20 crops, as against a yield of 1,500 barrels of turpentine for 35 crops where the old methods were employed, 68.2 casks per crop for the cup and apron system as against 42.8 for boxes.

Both companies were operating for the first year and timber and weather conditions were practically the same. The two establishments reporting these figures employ a high standard of business methods and the figures given are reliable. Forty-two barrels is considered a fair average yield for the first year the trees are bled and where boxes are used.

In Texas and Louisiana a greater percentage of operators own their own timber. Some of the most extensive places in these States are operated by large lumbering companies or corporations who are bleeding their trees for turpentine and rosin previous to converting them into lumber. These companies have carefully and systematically studied both methods of turpentining and the fact that the new methods are more generally in use in those States indicates their advantage over the old.

Taken Over the City.

The officers and some of the members of J. J. Finley Chapter, U. D. C., escorted Mrs. Gen. Pickett for a drive over the city. She was taken to the University and other sections, which pleased her very much, remarking that we have one of the neatest and best little cities in the country.

UNIVERSITY NOTES

The handsome flag that now flies every bright day from the flag pole on the campus is the gift of Mrs. H. F. Dutton of this city. This flag was formally raised on the morning of Washington's Birthday. The students' battalion assembled in the chapel, when Dr. Sledd made some appropriate remarks, emphasizing the lessons to be learned from Washington's life, and closing with an expression of thanks to Mrs. Dutton for her valued present. "My Country, 'Tis of Thee," was sung, after which the battalion, under the command of Major Walker, marched to the flag pole. The flag was then run up, while the battalion presented arms and those present in civilian clothes stood with bared heads. The flag is extremely handsome and is so large that the upper guy ropes steadying the pole had to be cut in order to raise it.

On the afternoon of Washington's Birthday the annual field sports were held under the management of the athletic committee and of Coach Pyle. The officials were: Referee and starter, G. E. Pyle; clerk, Capt. Cox; scorer, Prof. Hochstrasser; announcer, W. B. Martin; judges at finish, Dr. Flint, Dr. Benton and K. H. Graham; field judges, Major Walker, Dr. Crow and J. S. Shands. Owing to the recent rains the running track was slow and no records were broken, although considering the condition of the track, the time made in the races was good. The list of events and winners follow:

100-yard dash—F. J. Wilson first, E. A. Taylor second, Peacock third.

Putting 16-pound shot—Howard and Wilson first, E. A. Taylor second, Langston third.

Running high jump—Howard and Wilson first, Langston third.

220-yard dash—Wilson first, Gibbs second, W. A. Shands third.

Standing broad jump—Howard first, H. L. Baker second, Peacock third.

Running broad jump—Peacock first, E. A. Taylor second, Howard third.

Throwing hammer—Hunter first, Storter second, Rader third.

120-yard hurdle—E. A. Taylor first, W. A. Shands second, Wilson third.

Three-legged race—Shands and Moody first, Rader, G. A. Baker, Storter and E. A. Taylor second.

Throwing baseball—Langston first, Howard second, W. A. Shands third.

Pole vault—Price first, Wilson second, Mershon third.

440-yard run—Gibbs first, Wilson second, E. A. Taylor third.

Barrel race—Rader first, A. A. Baker second, Gibbs third.

Class relay race—880 yards in relays of 220 yards, won by the Freshmen Tug of War. Freshmen vs. Sophomores, won by Freshmen.

Basket ball game—Freshmen vs. Seniors, won by Freshmen.

In all the class contests it will be seen that the Freshmen won. In each event the winner received five points, the second man three, the third one point. The points were then added up and athletic honors were awarded to the winners in the order of their points. The three highest men were Wilson, Howard and E. A. Taylor.

A large number of prizes had been donated by the liberal merchants of Gainesville, 28 firms taking part in this. On Wednesday morning after chapel exercises these prizes were distributed. Special prizes of bunches of bananas and boxes of oranges were given to the winners of the class contests, the whole class taking part in the distribution.

A delightful lecture under the joint management of the High School and the University was delivered on the evening of Feb. 25th. In order not to interfere with the attraction of the Chautauqua course the lecture began early, at 7:15. The lecturer, the Rev. Herbert K. Job, is in Florida under the auspices of the State Audubon Society. He is well-known to all lovers of birds, being a frequent contributor to Mr. Chapman's magazine, "Bird Lore." He has written several books on bird life, and is besides one of the editors of "The Outlook." The speaker was introduced by Prof. Cassels. Dr. Flint had charge of the lantern, using one belonging to the University, a wire having been run into the auditorium for this purpose. The pictures, all of which had been taken and colored by Mr. Job himself, were extremely fine, and the comment instructive and entertaining.

BABES IN THE WOODS UP IN OLD TENNESSEE

Members of the Senate Ape Action of Florida Legislature Some Years Ago.

NASHVILLE, Tenn., Feb. 27.—That thirteen members of the State Senate have fled the State in order to defeat the purposes of the recent election laws passed over Gov. Patterson's veto is believed in well-informed circles.

The thirteen members were this afternoon declared in contempt of the Senate by that body, and the sergeant-at-arms was instructed to go in pursuit of the absentees.

It is declared further that the absentees will remain away during the remaining twenty-two days of the legislative session, thereby leaving in the hands of Gov. Patterson the election machinery of the State and defeating the expressed will of the majority of both houses in passing over the protest of the Governor laws designed to relieve him of this authority.

The joint resolution providing for a joint legislative session today for the purpose of electing the members of the State election boards as provided for in the recently enacted laws, and a State treasurer and State comptroller, was vetoed by Gov. Patterson yesterday. There was no doubt of its passing over his veto, but the action of the thirteen members of the Senate in remaining away from yesterday's session, thus preventing a quorum, renders action on the veto message impossible.

If the members remain away until the end of the regular session, it would then be necessary for the Governor to call a special session to enact appropriation laws and elect a treasurer and a comptroller. The special session would be prevented, under the constitution, from considering and matters not especially mentioned in the call for an extra session, and of course the Governor is not expected to refer, in his call to election matters.

Florida State Fair to Remain Open Six Days

TAMPA, Feb. 27.—Friday's attendance at the State Fair numbered about 5,000, the greater part of this number being colored men, women and children, who gathered to celebrate negro day as set by the fair management. In the mornng from the grand stand Dr. John C. Dancy of Washington, the recorder of deeds for the District of Columbia, made an address to the colored people, which was full of excellent advice and was, in fact, a decidedly interesting and instructive deliverance, dwelling with much emphasis upon the necessity for the colored race to work out its own salvation. Among its own people and without depending upon or imitating the white man, but establishing a standard for educational and industrial uplift which would make the race a self-sustaining one without dependence or encroachments upon the natural born and inherited privileges and prerogatives of the white people. His address was listened to with marked attention by a crowd of people on the grand stand and along the track adjacent to it.

Friday afternoon there was a most interesting card of six running races on the fair grounds' track, which were witnessed by at least 5,000 white and colored people. The races were among the best of the excellent events which have been pulled off daily during the State Fair meet. The fair is to be continued six days longer than the date originally set for closing (February 27), the extension having been announced by the managers of the fair in deference to the request of prominent South Floridians. The Range, however, closed with a big confetti battle Saturday night.

Market for Sea Islands Closed Steady and Firm

SAVANNAH, Ga., Feb. 27.—The market for Sea Islands has ruled steady to firm throughout the week with a good demand, which embraced practically all grades. Mills appeared willing to take the cotton at about current prices, but resisted any advance. Some holding cotton came out from day to day to increase the offerings.

Receipts were light, and it is believed that the crop has been marketed more rapidly than usual. The market closed quiet, but firm, with offerings considerably depleted.

Sales for the week were 1,019 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	19 @20½
Fancy Georgias	19 @20
Ex. choice Fla's.....	17 @18
Ex. choice Ga's.....	17 @18
Choice Ga's and Fla's.....	15 @16
Ex. fine Ga's. and Fla's....	14
Fine Ga's. and Fla's.....	12½ @13
Com. Ga's. and Fla's.....	10 @11

CHARLESTON, S. C., Feb. 27.—Sea Island market steady; fine, 20c; fully fine, 22c; extra fine 23c.

Receipts, 536; exports, 667; Sales, 40; stock, 1,288.

Enjoyed Fine Treat.

The clerks in the large dry goods store of Mrs. R. Wilson were treated to a delightful luncheon, served by their next door neighbor, W. S. Dorsey, last week on the event of their moving into the new quarters. The luncheon consisted of chicken salad, sandwiches and fruit punch, and was highly enjoyed.

CHAUTAUQUA OF 1909 PASSES INTO HISTORY

ONE OF THE BEST PROGRAMS EVER GIVEN PUBLIC.

Management Deserves Thanks of People for Affording Such Clean and Instructive Amusement.

(By Mrs. Elizabeth Smith.)

The Chautauqua of Gainesville for 1909 is now a thing of the past, but the good things we have heard will stay with us.

Saturday was a grand day, and, in spite of the fact that some had been attending meetings three times a day for nearly two weeks, the usual faithful ones turned out. At 3 o'clock the quartette gave several of their sweetest numbers and Miss Helen M. Wolcott favored the audience with one of her readings that so delight the people.

At 3:30 p. m. Rev. S. R. Belk gave his lecture, "Laughter and Sunshine." Dr. Belk is a man of noble propositions, both physically and mentally, also a very fine speaker. His subject of itself would make one feel a pleasant glow from anticipation alone, but when one hears the words he utters then indeed smiles chase each other in rapid succession over the face. He says what the sun is to the natural world laughter is to the heart. Sunshine and Laughter in the home makes it the dearest place on earth. Everywhere is the ministry of sunshine needed. Happiness is our birthright, the heritage of man. We regret that more people were not present to hear this last grand talk, but those who were will be blessed and helped by it. We hope that the Tabernacle may be filled this afternoon to hear Mr. Belk, for his message is ever one to fill the heart with happiness, for he brings you glad tidings.

At 8 p. m. a grand concert was given by the Lady Washington Quartette, and it was indeed a great treat. Their quartettes, solo and readings were all gems in themselves. They have been a source of enjoyment from their first appearance. Each one is so perfect in her part, and their pleasant and kindly manner at all times have endeared them to the people.

The Chautauqua is over, and it has been a grand one. Not one thing but what has come up to the highest standard. We are a little weary, but the good things we have heard will be with us for many a day, and some as long as life lasts. All hail to Gainesville's Chautauqua.

MRS. PICKETT MEETS A HEARTY WELCOME

GAVE INTERESTING ACCOUNT OF BATTLE OF GETTYSBURG.

Several Scarred Veterans Who Participated in the Great Struggle Listened to Her Portrayal of It.

(By Mrs. Elizabeth Smith.)

The crowning treat of our Chautauqua was the lecture given by Mrs. Gen. Pickett Friday night. Everyone was charmed and delighted with this wonderful woman. As she stepped out before the audience she seemed like some beautiful grand-dame of "ye olden times," and all hearts went out to her. It was indeed wonderful to hear her tell of that awful battle of Gettysburg. Her minute description of the battle ground that nature had seemed to make so favorable for this awful struggle, the whole plan of battle, and her most vivid description of that harvest of death as battalion after battalion went up that hill to meet almost certain death, and last of all her gallant husband's famous charge that has made his name immortal. All is told in such a vivid manner as to make it come before your mind's vision like some wonderful picture, for she is a word painter of the highest type, and best of all she is a grand lady in a high sense of the word. Such tact she shows in dealing with her subject; so just and very correct in everything she said, North and South were so lovingly dealt with, and there is where she shows she is a woman of brain and good blood. The people listened to her with breathless interest as the words poured out of her mouth, and all were charmed with her words even though saddened at the awful story that we would fain forget. After the lecture the people gladly came to the front to take the hand of this noble woman. Many members of the Stonewall Camp, both chapters of the United Daughters of the Confederacy and Mildred Lee Chapter greeted her, also many members of the Lew Wallace Post. Some greeted her who were present on the day of the battle, and they said it was a most accurate description.

Saturday forenoon the officers of the J. J. Finley Chapter tendered Mrs. Pickett a lovely ride around our beautiful little city, took her out to our University and all around our prettiest streets, and she expressed herself delighted with the city, the lovely people and her warm welcome.

First Quarterly Meeting.

This is to inform the members and friends of the First Methodist church that the Presiding Elder, Rev. T. J. Nixon, will preach at this church this evening at 7:30 o'clock. It is hoped that Mr. Nixon's many friends will show their appreciation of his former work here as pastor and of his present position as Presiding Elder by giving him a full house on this occasion. The usual business will be attended to on Monday morning, the session beginning at 10 o'clock. The offcial members are urged to attend this business meeting. Everybody is cordially invited to attend all the services of the Quarterly Meeting.

THE INTELLIGENT USE OF

NEWBRO'S HERPICIDE

RARELY FAILS TO PRODUCE THE MOST GRATIFYING RESULTS

Miss Della Knight

The prominent American actress whose photograph is shown above, writes as follows:

"I have found nothing to equal Newbro's Herpicide. It keeps the hair from falling and frees the scalp of dandruff. An occasional application leaves the hair delightfully fluffy." (Signed) DELLA KNIGHT.

READ THIS LETTER

"Inclosed please find coupons for soap and comb with order for 88 cents, for which please send the above articles.

"I have used Newbro's Herpicide for two years and think an article so meritorious should be well advertised and widely used, for it is a boon to all womankind. I am giving you my experience and if you think it likely to be of interest, you are welcome to use it as you think best, for I have derived such great benefit from Herpicide that I would like others to know of it.

"When I began its use two years ago my hair was only two inches long and very thin, the result of four years' residence in India, the intense heat of the climate having ruined my hair. I tried everything in Europe and in America without benefit, until I tried Herpicide. I am delighted with its effect and my friends never tire of admiring my hair; it is long, soft, and as silky as a baby's hair, not a gray hair to be seen, and my hair was quite gray before I used your incomparable remedy. I do not think the praises of Herpicide can be sung too loudly or too long. Several of my friends are using Herpicide on the strength of my recommendation." (Signed)

Richmond, Va. MRS. S. A. LEE.

NOTE—Herpicide will not darken gray hair, and we do not want anyone to spend money for Herpicide in the belief that it will. Herpicide will stop falling hair, but if the hair that falls is gray, the new growth will also be gray. In this particular the above case is remarkable.

Send 10 cents in stamps to The HERPICIDE COMPANY, Dept. L, Detroit, Mich., for sample and booklet

Two sizes—50c and $1. At Drug Stores. When you call for Herpicide, do not accept a substitute. Applications at prominent Barber Shops.

Miss Jefferson Bell.

Noting remarks in The Times-Union and The Tallahassee True Democrat in regard to the reappointment of Miss Jefferson Bell and her zeal in behalf of the needy Confederate veterans, The Inverness Chronicle pays this compliment to two Florida ladies: "Right you are, both of you. Miss Bell is a true friend to Confederate veterans, and only stands second to Mrs. H. H. McCreary of Gainesville, in Florida. Every Confederate veteran will doff his hat to either of them, fight, bleed and die for them. We are personally acquainted with both of them, and know whereof we speak." Well said! And all true men will honor those who protest, in the name of the needy Confederate veterans, against the indiscriminate handing out of pensions.—Jacksonville Times-Union.

PIANO CONTEST WAS EXCITING SATURDAY

MISS ELLIS WINS 50,000 VOTES FOR MOST SUBSCRIBERS.

Catherine Haile Came Second and Got 25,000 Bonus—Miss Dupree Close Up to the Leader.

Saturday afforded much excitement in the piano contest, the final count showing Miss Dorian Ellis to be only 2,720 votes ahead of Miss Bessie Dupree in a total vote of nearly a million each.

Miss Ellis was awarded the bonus of 50,000 votes for the most subscribers to The Sun, she leading with 13 new subscribers to the daily and 29 to the semi-weekly. Catherine Haile came second with six daily subscribers and 25 semi-weekly, for which she obtained a bonus of 25,000. Miss Florrie Strickland secured 3½ new daily and 12 semi-weekly subscribers, while Miss Bessie Dupree obtained 3½ annual subscribers to the daily and ten to the semi-weekly.

It is understood that Miss Dupree has won the 50,000 votes bonus offered by Hyde & Tench, and had these been counted in Saturday's canvass she would be leading this morning by nearly 50,000 over Miss Ellis.

Following is the way the vote stood up to Saturday night at 6:30 o'clock:

MASS MEETING CALLED.

To Be Held at the Tabernacle This Evening at 7:30.

A mass meeting of the Christian people of Gainesville will be held at the Tabernacle this evening at 7:30 o'clock. The Rev. W. H. McMaster of Charlotte, N. C., field secretary for the South of the American Sabbath Union, will deliver an address on the great cause which the Union represents and is laboring to promote.

A free-will offering for incidental expenses and the work of the Union will be taken up.

There is no institution more vital than the Sabbath to the welfare and security of the American people to our homes and our physical, mental, moral wellbeing, and our economical and industrial and political interests.

This mass meeting will be a fitting sequel to the Chautauqua, and it is hoped that a large number will be present.

LETTER TO ROYAL COOK,

Gainesville, Florida.

Dear Sir: The real test of a paint is how many square feet will a gallon of it cover? And all the paints swear they cover 300 square feet two coats. Mildly, they prevaricate.

L. H. Ferchaud, builder, 1108 Dupre street, New Orleans, covered 1900 square feet with three gallons Devoe last year; and paints all his jobs Devoe. That's how the tale gets to us.

He doesn't say whether one or two coats; if one, there's nothing wonderful in it; if two, they must have very small feet in New Orleans.

Devoe doesn't stop at 300 feet; but over 600! Most paints, we suppose, can be stretched to 300 feet, but they're mighty thin; they cover well 150 to 200.

When N. R. Watkins, Lott, Texas, painted his house before, it took 13 gallons; Devoe 7 gallons. That shows the strength of the paints.

W. B. McCluney painted a house in Crystal Springs, Miss., to test two pure paints; one coat 6 gallons Devoe; the other coat 10 gallons of a New Orleans paint. That shows the strength of the paints.

Surfaces differ; one takes more, another takes less. Devoe covers more than any other paint; two to one in the case of half the paints. But how many it covers, we don't know till we see the surface.

Yours truly,

73 F. W. DEVOE & Co.,

P. S.: The Gainesville Hardware Co. sell our paint.

If its worth more to someone else than to you—no matter what it is—a want ad. will be a good investment.

FINE ENDORSEMENT OF FAMOUS PIANO

MME. CECILE CHAMINADE, COMPOSER, WRITES OF EVERETT.

Enthusiastic Editorial Comment of the Music Trades on This Rather Remarkable Testimony.

Probably the most remarkable testimonial in the history of music in this country, is that of Mme. Cecile Chaminade, the noted composer, given to the Everett piano. Translated it reads as follows:

New York, Nov. 23, 1908.

The Everett Piano Company, Boston, Mass—Gentlemen: The best piano? To me, it is the one through which I can best interpret my own compositions.

I have never before obtained such effects of immensity of tone, variety in tone color, and such nuances in shading as I have found in the Everett piano.

For these reasons I have bought one of your pianos for my home in France.

This should be the most convincing proof I can give of my admiration of your great piano.

Believe me, gentlemen, with great respect, Yours sincerely,

CECILE CHAMINADE.

Editorial Comment.

The Music Trades, one of the leading music journals of the country, published in New York, in a leading editorial, in its issue of January 9, said:

The testimonial given by Mme. Cecile Chaminade, the foremost musical composer of her sex, to the Everett piano, which instrument she used exclusively in her recent premiere tournee through America, is an enthusiastic endorsement of the most valuable kind a manufacturer can have for his instrument, for it displays discriminating intelligence and particularizes instead of generalizes the value of the Everett. It sounds the personal note of complete and absolute satisfaction with their piano as a medium of musical expression in an unusual and most effective way for she says:

"I have never obtained such effects of immensity of tone, variety of tone color, and such nuances of shading as I have found in the Everett."

There is no doubt whatever about the value to the manufacturer of such a testimonial as this. There is no quibbling or qualification or damning with faint praise, in this testimonial. It is manifestly the outpouring of Mme. Chaminade's inmost feelings with respect to the instrument which helped her make such a phenomenal success in her visit, and not only the John Church Company, and each and every one of their agents and employees, but every owner of an Everett piano can be proud of connection with the instrument that brings forth such praise as this. It emphasizes the exalted position in the musical world occupied by the Everett piano and is something of which President Frank A. Lee and his associates can be immensely proud.

Mr. A. R. Harper of the A. R. Harper Piano Company, State representative of the Everett piano, points with pride to this testimonial and the enthusiastic editorial comment of The Music Trades.

The Everett piano has always been a favorite in Florida and this endorsement, from such a high source, will undoubtedly increase its popularity. A number of fine new Everett pianos are now on the floor of the A. R. Harper Piano Company's show room on Main street.—The Sunday Times-Union, Jacksonville, Fla., Sunday, Jan. 31, 1909.

FEDERAL BUILDING CONTRACT AWARDED

KING LUMBER COMPANY SUCCESSFUL BIDDERS FOR WORK.

Ground Will Be Broken Within Short While Now That the Preliminaries Are Over.

Ground is to be broken on the new Government building within the next few days, which is gratifying news to the large number of Gainesville people.

The contract awarding this work was let to the King Lumber Company of Charlottesville, Va., and the company are ready to commence the work without delay, so we can rest assured that it has now settled down to business and we can look forward with pleasure for the results.

Postmaster L. C. Lynch yesterday received instructions from Supervising Architect Taylor advising him of the letting of the contract to the above firm, and they would commence the building without further delay.

The contract provides that the building shall be completed by June 15, 1910, and it will take a large force of laborers, experienced men and carpenters, to complete the tremendous undertaking in this length of time.

All of the appropriation of $150,000 will be used on the building, which shows that we will have a handsome and commodious building, second to none in the State, or the South for that matter, and the people of Gainesville have just cause for gratification over the notification that work will soon be begun.

With the Government building in course of construction all during the summer, a large amount of work to be done at the University, street paving to be started, besides a large number of private improvements that are contemplated to be pushed during the dull months, we will have a hustling city that will not be excelled by any of the larger towns.

Ask Yourself the Question.

Why not use Chamberlain's Liniment when you have rheumatism? We feel sure that the result will be prompt and satisfactory. It has cured others, why not you? Try it. It costs but a trifle. Price, 25 cents; large size, 50 cents. For sale by all druggists.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. Wilson has a change of ad in today's Sun in which she informs you of her removal and gives you other interesting information.

Joseph Nobles of Hawthorn visited the city Saturday. He states that the farmers are all hard at work preparing for their spring planting.

Attention is directed to the change of ad. of A. M. Cushman, the fire insurance man, who urges that you keep safe by having a policy in one of his reliable companies.

Miss Subelle Nolley of Fayetteville, N. C., is in the city visiting Mrs. S. M. Davis. This is her first visit here and she is delighted with the city and the people she has met.

The Senior Epworth League will hold its regular devotional meeting this afternoon at 3:30 o'clock. Subject, "Shepherd and Hirelings." A special invitation is extended to all strangers in the city.

T. J. Swearingen, the mill man of Kanapaha, was in the city yesterday. He came for the purpose of making up his pay roll, which is a rather heavy one just now, as he is operating both his mill and turpentine still.

Sheriff P. G. Ramsey has returned from a visit of inspection to his farm, and reports that everything is looking all right. He has about thirty acres of cabbage and will cut a great many crates during the coming week.

Saunders & Earle, the grocerymen, have had a new large sign placed in front of their place of business. It is one of the most conspicuous in the city and easily attracts the attention of the traveling people that pass.

B. P. Williamson of South Carolina, who has been visiting his son, B. F. Williamson, for the past two weeks, returned to his home yesterday. He will stop over a short while in Jacksonville on his way home to take in the Mid-Winter Exposition.

Col. H. S. Chubb has returned from Winter Park, where he has been for the past week attending the bedside of his wife. He states that he left the patient greatly improved and able to be up, which will be gratifying news to the Colonel's many friends here.

Miss Catherine Salter, principal of the Bell school, closed her term on Friday and was in the city yesterday en route to her home. She says that a very profitable school term was had and the patorns and pupils alike regretted the fact that it was time to close.

T. B. Buddinger of Horse Shoe, Pa., has arrived in the city and will spend several weeks here. He has large real estate interests in this city and county and it is to be regretted that his other interests are so extensive that he cannot spend more time among us.

Miss Marie Harris, who has been spending the past few weeks here as the guest of Mrs. G. H. Yancey, returned to her home in Atlanta yesterday. During her visit she made a host of friends among the young set who will be delighted at a return visit from her.

MANAGER DAVIS NOW LOOKING UP PLAYERS

MAKING PREPARATIONS FOR SECURING GOOD MATERIAL.

Will Be Several Weeks Yet Before He Will Line-Up the Bunch for Practice.

With a large number of fans hot on the trail of Manager G. Henry Davis to get his baseball artists in action, he desires to state that he is now looking over the field and will again have the winners at the line-up.

He is now quietly at work figuring on just what players he has among the local boys, and unless it becomes absolutely necessary he will have nothing but genuine good old Florida material.

Nothing definite will be done towards the organization of the Oak Hall club for about four weeks, as some of the players he proposes to use are now lined up with the University, and he wants to see the college have a winning outfit this season.

The public will be kept informed as to his actions along the baseball line. He assures all that he will be there with the goods if he receives the proper local support, and for this purpose a committee will shortly canvass among the business men and citizens to see just how the proposition strikes them in a financial way.

To Mr. Davis' credit it can be said that last season was the only time that we have ever been able to come out even on the team with only the amount first subscribed, and it was through his business judgment that he was successful in bringing up such a pleasing record.

S.S.S. CURES BLOOD POISON

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored splotches, falling hair, sores and ulcers, etc. No other medicine surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Book on this disease with suggestions for home treatment, and any medical advice sent free to all who write.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to get a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, reaching throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and your plant here is an important link in the great chain.

General Taft will take the oath of office as President of the United States next Thursday at noon.

If the powers which profess to be desirous of peace would only agree to reduce their standing armies and build fewer warships the people who have to pay the bill would rejoice abundantly. The enormous taxation under which some nations stagger threatens to bankrupt them.

Society will not be effectively redeemed from lawlessness, corruption and other evils until more people stand ready to merge their interests in the common good. It is not by merely wishing that conditions may improve, that reforms come about, but by wise action and the sacrifice such action involves.

Governor Gilchrist's forthcoming message to the Florida Legislature will be read with interest throughout the State. He has already demonstrated that his administration will be conducted in a business manner, for the best interest of the entire people, and the suggestions he makes to the legislative branch of the government will receive due consideration.

A Bradford county man who has done without a chimney to his house all winter recently had the house elaborately fitted up with lightning rods. We wish to warn this well-meaning citizen that he is not yet out of danger and ought by all means to add to his equipment a $100 fire escape. There is just about as much danger of him being burned up as there was of him being struck by lightning.—Starke Telegraph.

Atlanta begins the second year of prohibition with an alarming increase of drunkenness over 1908, the records for the first month of the second year of prohibition showing such increase to be over 300 per cent. General crime has also increased about 50 per cent, and blind tigers are flourishing despite the efforts of the police, evidence being especially difficult to obtain against this class of law breakers. This information is published by The Atlanta Journal, which has unequivocally supported the prohibition law and done all in its power to educate public sentiment to uphold it.

The Punta Gorda Herald thinks the leasing of the convicts the only thing that can be done at this time with these charges of the State. This seems the only way in which the State can make the convicts anywhere near self-supporting, says The Starke Telegraph, and we must confess that we can see nothing immoral in the transaction, nor do we regard the fact that lessees make money out of their transactions as tending to prove that the system is a vicious one. If no money could be made there would be no lessees, and the State would be compelled to take upon itself the heavy charge of maintaining the convicts in comparative idleness. No such obligation as this rests upon the State. The State's obligation is to see that these unfortunates are properly clothed and fed and humanely treated. A large sum is being paid out annually for supervision in furtherance of this obligation. Whenever it develops that the supervision is not being properly [illegible] the Governor has the rem-

CURRENT COMMENT.

The Charleston Post says: "The South is just as much interested in and just as numerously represented in the naval service, and in the army, too, as any other part of the country, and, as Admiral Sperry remarked at the banquet in Richmond, the battleship fleet is very largely in control of officers from the South. The fleet itself includes the battleships Georgia, Louisiana, Alabama, Virginia, Kentucky and Missouri. It ought to be possible to get away from all this stuff about reunion and fraternization of the sections upon every patriotic occasion."

The Montgomery Advertiser says: "The situation in Liberia is not altogether reassuring to those who have banked upon the capacity of the negro to conduct a government in an orderly and seemly way. Liberia, as a well-regulated Republic, has been the dream of extremists and idealists, yet after over half a century of trial we find it in the throes of bankruptcy, corruption and dissolution. It is located in the best part of Africa and was sponsored by Americans and has been considered more or less as a ward of the nation, but present indications point to a protectorate by Great Britain in order to save vast sums of money owing to the people of that country. There is still truth and force in the expression that you 'cannot make a silk purse out of a sow's ear.'"

The Oregon Senate has passed a bill restricting marriage to persons whose good health has been certified to by physicians. This is doubtless a step in the right direction and it will probably be followed sooner or later by the legislatures of States apparently less progressive than that of Oregon. It is the application in a mild and limited form of the knowledge that breeders have exercised for the improvement of their animals for centuries, and that nature has used since the foundation of the world in the law of the survival of the fittest. Civilization and artificial social conditions have interfered with and to a great extent negatived this law, with results in many instances of degeneracy. We have made great progress in science and in material things, but it would be difficult to show that the genus homo physically or intellectually has been improved in the last three thousand years. There are evidences that in Greece, Rome and Egypt the quality of brain and brawn was as good in extinct civilization as they are in our own. We have greatly improved the equine, bovine, canine and other species of the animal kingdom in intelligent breeding. The law is perfectly understood. Is it not time that it should in some way be applied to the higher animal?

Through the influence of Governor Gilchrist the trustees of the Internal Improvement Fund have adopted a resolution which provides that no more sales of lands in the Everglades shall be made to syndicates, but that it shall be reserved, for the present at least, for bona fide settlers. It is another case, however, of locking the stable door after the horse has been stolen, and if this land is ever reclaimed, which we seriously doubt will be done except in a few spots, it will be found that the most of it has been gobbled up by the syndicates who advanced money to carry out Broward's hobby after all other resources had been exhausted.

The Devil's Mill Hopper, a few miles west of Gainesville, is a great resort for picnic parties. There is now a very good road nearly the entire route to this great natural curiosity.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

The interoceanic canal proposition at Panama is apparently again settled and the lock type of canal is the one adopted, favored by the President, the President-elect, the distinguished engineers who accompanied Mr. Taft thither and the Congressional group that has recently returned from Panama. The party that accompanied Mr. Joseph Pulitzer, editor of The New York World, has not yet been heard from, but the fact that the lock type of canal can be built in half the time and at a trifle less cost (about forty millions of dollars), that it will afford between the terminal of the canal a wide sweet water lake in which the salt soaked vessels can anchor and be scraped and where the largest ships can easily pass each other are arguments largely in favor of the plan adopted. The building of the canal has been put off too long. If it is to be done it were well that it be done quickly. The Pacific coast is clamoring for a big fleet as a picket line between San Francisco, Seattle and Los Angeles on this side, and Yokohama, Tokio and Osaka on the other side. It will be much more economical to shift our fleet from our Atlantic coast to our Pacific borders, or vice versa when necessary, than to keep up big naval establishments on both our Eastern and our Western litorials.

In commending Attorney-General Trammell for taking upon himself the duty of looking after the legal affairs of the trustees of the Internal Improvement Fund it is unjust to former Attorney-General Ellis to insinuate that Mr. Trammell is performing a duty which his predecessor shirked. Mr. Ellis was always ready and willing to do this work, but it seems that Governor Broward preferred to employ special counsel, in the person of ex-Governor Jennngs, and such was done, it is said, over the protest of Mr. Ellis. For some reason the former Attorney-General was not on the best of terms with the ruling spirits of the Broward administration, and his term of office was made as unpleasant as it was possible to make it for him.

Senator Tillman says that President Roosevelt's homes' commission report on vice and immorality is too vile to be sent through the mails, and should be denied such privilege.

FOR CITY MARSHAL.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,
CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.
CHAS. M. DELL.

Many Sleepless Nights, Owing to a Persistent Cough—Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of The Burley (Col.) Bulletin. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was, indeed, marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by all druggists.

FOR TAX ASSESSOR.

To the Voters of the City of Gainesville:

I respectfully announce myself a candidate for City Tax Assessor for the year 1909. Having been Tax Assessor for four years, I am fully prepared to fill the office, as my record will show, the city assessment having been increased in that time from a little over $600,000 to over $1,000,000. I was prevented from running for this office last year on account of sickness, and now respectfully solicit your votes.
W. M. BRADFORD.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." J. W. McCollum & Co.

To the Voters of Gainesville:

I hereby announce that I am a candidate for re-election to the office of City Tax Assessor for the year 1909, in the election to be held on April the 13th, and most earnestly request you all to give me your vote and support for the position.

Thanking you for your past endorsement, I remain, Yours very truly,
B. R. COLSON.

MOTHERS WHO HAVE DAUGHTERS

Find Help in Lydia E. Pinkham's Vegetable Compound

Winchester, Ind.—"Four doctors told me that they could never make me regular, and that I would eventually have dropsy. I would bloat, and suffer from bearing-down pains, cramps and chills, and I could not sleep nights. My mother wrote to Mrs. Pinkham for advice, and I began to take Lydia E. Pinkham's Vegetable Compound. After taking one and one-half bottles of the Compound, I am all right again, and I recommend it to every suffering woman."—MRS. MAY DEAL, Winchester, Ind.

Hundreds of such letters from girls and mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by The Lydia E. Pinkham Medicine Company, Lynn, Mass.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take immediate action to ward off the serious consequences and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Baby Hands

Will get into mischief—often it means a burn or cut or scald. IKE THOMAS BEATS WOMAN AND SKIPS

WHIPPING OCCURRED AT JOHNSON'S HALL FRIDAY EVENING.

Jealousy Was His Only Cause, But He Succeeded in Bruising Her Terribly.

Ike Thomas, a negro resident of "the alley," who is a young fellow of the rougher class, succeeded admirably in beating up his so-called sweetheart on Friday night, near Johnson's Hall.

The woman had been with Ike for some months past, but recently had become somewhat weary of his company and was paying attention to other men, as he expressed it, and he put a stop to it by giving her a severe beating that will put her in bed for some time to come.

Just what kind of a weapon Ike used could not be learned, but he succeeded in disfiguring her, and she was scarcely able to tell her troubles to the policeman when he was summoned to her aid late Friday night.

Ike has left for other fields, but he is well known by the officers.

Save Money by Buying Chamberlain's Cough Remedy.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you save money in buying it. The saving is in what you get, not what you pay. The sure-to-cure-you quality is in every bottle of this remedy, and you get good results when you take it. Neglected colds often develop serious conditions, and when you buy a cough medicine you want to be sure you are getting one that will cure your cold. Chamberlain's Cough Remedy always cures. Price 25 and 50 cents a bottle. For sale by all druggists.

BURKHIM'S PIANO CONTEST.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for **Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.**

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment, also your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again. Address
